## Commodore's Report

By Mike Pedersen

The board continues to move full speed ahead with the building process. We are currently deep into the underwriting process at the bank, and expect to hear something any day now.

The renewal rate was very encouraging, at the last count we were approaching the 100 mark.

I ask that the membership consider serving the club in a board position for the coming year, as we are likely to have several vacancies.

August 2016 provided the racing sailors with two spectacular days of sailing. At the Big Mouth regatta winds of 12 to 15 knots greeted the sailors for the 20 mile race to the sea buoy and back. Congrats to Dave Dunbar and crew on Tryptonite winning the Big Mouth award and Kirk Newkirk and his crew winning the Multi Mouth award. The Skunk award went to Julie Connerly and crew on White Shell Woman. Kirk and his crew completed the course in 1 hour, 51 minutes, and 3 seconds. A new world record.
